## ALIKOS CHAIR AND HARMONIA DINING TABLE

In Greek, Alikos means crimson or scarlet. In the Sonoran desert, the powdery red of the mallow flower, claret cup cactus, prickly pear, and coral gilia flower translates well to the discreet underside of our elegant Alikos chair in white and red leather with a teak frame. This chair is the perfect stand-alone accent piece but also partners well with our Harmonia dining table. Harmonia is the Greek goddess of peace and unity.
